

# How to Sew a Port Pillow

## Instructions:

1. Cut two pieces of fabric app. 4"x7".
2. Cut one piece of Velcro 3-1/2" long.
3. Pull apart the Velcro pieces.
4. Place one piece of fabric right side up.
5. Place a piece of the Velcro on one edge of the longest side approximately in the middle of the fabric. Place the other piece of the Velcro on the other side of the longest edge.
6. Place the other piece of fabric on top with the right sides together.
7. Pin through all the layers make sure to hold the Velcro pieces in place.
8. Sew around 3 of the 4 sides.
9. Clip the 2 bottom corners to reduce bulk.
10. Gently pull the two Velcro pieces apart and turn the pillow so the right sides of the fabric are facing out.
11. Stuff with polyfill.
12. Turn the raw edges of the top side in to form a little hem and sew closed.
