

WHAT IS BOXES OF HOPE?

Boxes of Hope is a breast cancer 501c3 nonprofit organization.

We send care packages and mastectomy pillows to anyone in active breast cancer treatments. We walk alongside others to offer hope and encouragement and to show them that they are not alone on their breast cancer journey.

We can also help breast cancer patients understand the confusing information they are given with their diagnosis, and help them find resources in their local area. We believe in providing educational awareness about breast cancer and breast health.

We will soon have support groups, and a Bible study group for breast cancer warriors.

To request a care package and/or the mastectomy pillows, please visit our website at boh.4bc.org/care-packages.
